bbno\$

What the fuck you mean?
Where the fuck you been?
Uhh, hello?
Skrrrr skrrrr skrrrr skrrrr

I've been searching for a big bag
Huh, never stop
Lay a little founday, then she gave me top
Hungry need a bouffay, yea I'm sweet like pop
What I'm trying convey
You can find me with my wrist shining, teeth shining, bitch shining
Boy, you looking dim
Fit shining, sun shining, whip shining
Really really dim

Have you seen my boat? Yeah, drop top coach
Cleaner than some soap you a used up roach
Bbno\$ with the bag, it's the tote
She said she used her voice, but he mighta used her throat
Your Mommie said I'm a good boy, you do dope
She wanna lick my ice cream, she don't wanna have a float
Pull up on my nerf and I'll leave you in the moat
Yea
Thermal with the scope so I let it go

I've been searching for a big bag
Huh, never stop
Lay a little founday, then she gave me top
Hungry need a bouffay, yea I'm sweet like pop
What I'm trying to convey
You can find me with my wrist shining, teeth shining, bitch shining
Boy, you looking dim
Fit shining, sun shining, whip shining
Really really dim

Stop, my eyes fucking hurt
Out in China, need to cop a Goyard Visor
Who would have thought, I'm a womanizer
Nerfs in my Glock, now an equalizer
All these blinding diamonds might just make me cyclopes
Finally, my name bbno\$ is a paradox
Snoozing on this lazy body while your album flops
3 thots on my cock, tri-cera-top

I've been searching for a big bag
Huh, never stop
Lay a little founday, then she gave me top
Hungry need a bouffay, yea I'm sweet like pop
What I'm trying to convey
You can find me with my wrist shining, teeth shining, bitch shining
Boy, you looking dim
Fit shining, sun shining, whip shining
Really really dim

Let me tell you, Let me tell you, Let me tell you, Let me tell you
I'm a king of a block
Dodging all these cops

Have you seen my hops
Making all these bops
Pop lock it drop it thot
Why she call me pop
Why she call me hot
Money need a lot
Sun shining on my clock!
Let me tell you
Let me tell you
Let me tell you
Let me tell you
Let me tell you
Uhh hello?
Let me tell you
Let me tell you
Let me tell you
Let me tell you
Let me tell you
Uhh Hello?
