

Still

bbno\$

I miss you
Everything you did wrong
Would make it feel so right
It was unfair
I can't breathe
Sleeps are just dreams of you
You left behind your future
Hope you were right

I still leave room on the side of the bed when I sleep
I still put twice the amount of grounds in my coffee
I still see us in the mirror when I'm brushing my teeth
We said forever, now it feels forever passé
We are forever passé

(We are forever passé)
(We are forever-)

Gave you control
You kept my friends too close
I've never felt this alone
They took you in
I hope that your bad habits won't break me
And I can't imagine what we'd be
If my bad habits didn't make me break up with you
(Break up with you)

I still leave room on the side of the bed when I sleep
I still put twice the amount of grounds in my coffee
I still see us in the mirror when I'm brushing my teeth
We said forever, now it feels forever passé
We are forever passé

(We are forever passé)
(We are forever passé)

It's not me
I think it's you I hate
We were cliché
I'm moving on from you
