

## thankful

bbno\$

I to get my money if I put it on my mouth  
You drive shitty music, sussy boy, you are a flop  
Since the 80's now in danger, use me as a star  
Write a story on my money, glad that that's a flaw  
So glad that I'm finally up next  
Ever since a baby all I wanna do is flex  
Thank God that I know I'm up next  
Call me Ariana 'cause I'm thankful for my ex

You should know  
Forty degrees are below  
Got some frostbite on my neck  
And on my wrist, I'm way too cold  
Got some ballet on my clothes  
Just a year from doing shows  
Skrr the foreign and your wifey wanna jump in for a ride  
I'm so sorry, lady friend, can't you see that I'm occupied?

I to get my money if I put it on my mouth  
You drive shitty music, sussy boy, you are a flop  
Since the 80's now in danger, use me as a star  
Write a story on my money, glad that that's a flaw  
So glad that I'm finally up next  
Ever since a baby all I wanna do is flex  
Thank God that I know I'm up next  
Call me Ariana 'cause I'm thankful for my ex

Some wait for me  
Some waited to leave  
Some waited for me to get it  
But the moment I said it was the moment they'd beat  
In trouble, let me down slow  
Now I'm running this motion  
Word around town is the moment's closing  
Told you I don't care what you want from me, want from me

So glad that I'm finally up next  
Ever since a baby all I wanna do is flex  
Thank God that I know I'm up next  
Call me Ariana 'cause I'm thankful for my ex  
So glad that I'm finally up next  
Ever since a baby all I wanna do is flex  
Thank God that I know I'm up next  
Call me Ariana 'cause I'm thankful for my ex
