BBY KODIE

Quit texting my phone, I took a nap
Boyfriend a bitch that nigga can't rap
He ain't racing with me bitch I overlap
I went bought some Gucci then took that shit back
Don't even hand me no shoes by McQueen (No)
I look so great bitch I look like a king
Bitch I look so great I shine like I'm a gleam
Niggas hate me cause I'm not on they team (Duh)
Switch up the switch up came back on my old shit
Niggas is mad cause they dated my old bitch
I look better than you bitch quit acting like you know shit
I saty around bitches but I'm never on some ho shit (Bitch)
Niggas never wanna help when you down on some broke shit
Now a nigga rich and they hit me with that broke shit
Nah bitch it's my money and I'm gone on Z-RO shit
Bitch you better only fix them niggas that you broke with, bitch
Looking in the mirror only thing that keep me focused
With hits only stick like a goddamn Post-It
I just took a selfie and I might have to post it
My car got loud bitch you shouldn't have approached it
I speed through the crowd and your boyfriend on slow shit
Stomp a nigga out beat his ass out his old whip
Fuck all that shit beat his ass in the pit
Not a mosh pit 'til a nigga get hit
Show you the shows when we turn up get lit
Throw out the speakers I'm smashing that shit
They too cute I'm not smashing that bitch
I don't play football please don't pass me that bitch
Shout in the booth quit talking bitch shut up
Keep talking shit roll the window down what's up?
Finna go hunt cause I gotta get my bucks up
Car full of fruit how a nigga finna roll up
And I'm looking for a flood how a nigga left his trunks up
Bitch you not from the hood boy you need to put the pole up (Duh)
Niggas quit talking when you show up
Benn on our shit you should know us
Finna get riches in no rush
Y'all niggas lacking what's the hold up?
These niggas can't snap like me
These niggas can't sound like me
His bitch got lipstick on my white tee
Now her boyfriend wanna fight me (Dumbass)
Chilling with his bitch I just might be
He should've never checked like Nike
I'm still in the system like IT
New foreign running like an IV
Caught speeding in a whip no ID (Damn)
I was riding too illegal like IC
Niggas still tryna figure out where I be
Posted in the tree like ivy
Niggas can't find the address IP
Niggas tryna steal the swag, I peeped
