BBY KODIE

Take my time with this rap shit  
But I'm still gon' drop  
Niggas spend six years on rap shit  
But still end up gon' flop  
I don't hate on no fuck nigga  
I don't ever watch  
These niggas on house patrol  
But they still finding a way to plot  
Plot on me, behind your computer screen  
You know that you fake  
I got ho's in Dubai and I got ho's out in Kuwait  
I'm so goddamn good to myself I went bought myself a state  
Not an estate, I bought a state  
All-diamond tables inside of my place  
Céline Dion designed my place  
I bought a new Tesla might fly it to space  
Cut barber clippers pussy boy if you hate  
Just like a mover man put 'em in they place  
Stupid ass ho threw a drink in my face  
But I ain't give a fuck unless my deal top straight  
She kept talking crazy cause her tooth not straight  
Swag, swag, swag, swag, swag  
Surf, swag, surf, swag
