

So let's get to business
No need to leave it to bitches
The way I talk is offensive
Might beat yo ass wit' a sentence
I'm double checking the numbers, you niggas looking suspended
Don't try to call independence, I'll fuck 'round get in specifics
You niggas looking suspicious

I drop the top on the Bentley
Y'all niggas hopping in Civics
I drove the wheels off the Hemi
Then double parked it at Lennox
The tires screeching and burning the fire, reaching the curtains
The Rolls set to inferno, that's five hunnid to purchase
And y'all niggas been kicking the bullshit
The lap record clean, come to the track, see the bull hit
It burn through the seams, y'all see the strap with a full clip
In 2018 they tried to cap on some cool shit
Niggas lil bro'd me, but I am not on some lil shit
Them niggas not with me, don't put my name in that pool pit
I need reparations, I need niggas to tell me that I'm great
"Nigga, congratulations!", niggas always tell me about hate
Niggas just mad I made it
Niggas always walkin' 'round being fake
Niggas is animated, y'all niggas ain't fucking with my game
Nigga, my Animatrix
So I let the boy stand up
Trust system, see what ya man stand for
And fuck wit' 'em, they take a hand off ya
And it's a rough system that make demands altered

So let's get to business
No need to leave it to bitches
The way I talk is offensive
Might beat yo ass wit' a sentence
I'm double checking the numbers, you niggas looking suspended
Don't try to call independence, I'll fuck 'round get in specifics
You niggas looking suspicious

And I tried to keep it cool
Bouncing on the rage, set fire inside the room
Riots on the stage, been violent since a womb
Mindless with the plays, been howling at the moon
And I tried to keep in control

But the check got cut and I lost all self-control
And I'll beat everybody ass in here, I'll let everybody know
And nigga on everybody in here, I'll let everybody go
And nigga on everybody in here, I ain't anybody bro
I got problems witcha
I don't need the back and forth, I'm not no politicker
I'll take a photo with everybody in here
And then crop the picture
And everybody wanna fill my shoes, but they not that nigga
Niggas not for the process, but they always there to get poppin' witcha
