Now he wanna have a threesome, I can't
Entertain or geek him, I just ghost him for a week or put his
Homie in rotation, he 2K me like a station
He ain't never met a bitch as hard as me
He think we datin', I say
"Sorry, I don't fuck wit niggas who don't fuck wit Satan"
He say, "Jesus is the way" I drink his blood, now let us pray
