

Black And Mild

BbyMutha

Bby - Fuckin' - Mutha

Black and mild bitches want my spot but it's gon' take a while
Ghetto green baking with my beans, I'ont fuck with lean

I am just a nigga, you can't pay me to be mo' than that
Thotty cause my body 'bout her biz and I ain't mad at that
I can't trust a nigga cause he'd rather be on top of me than at the top with
me

So I'm solo cause I gotta be
Know a pretty hoe who roll the tree tree but she don't smoke the tree
And that's the only reason I be letting shorty roll with me
Niggas geeking 'bout it, iOS, won't even leave the nest
No emoji heart eye on my burner but there's plenty checks
I was tryna put you in the door, gave you hella keys
Now I'm smoking, drinking to the memories like mo' for me

Black and mild bitches want my spot but it's gon' take a while
Ghetto green baking with my beans, I'ont fuck with lean
(I ain't fucking with these niggas, I ain't fucking with these hoes)

Black and mild bitches want my spot but it's gon' take a while
Ghetto green baking with my beans, I'ont fuck with lean
(I ain't fucking with these niggas, I ain't fucking with these hoes)

Pull up on your mans, you can keep him, he too funny style
Lesson number 1 - if you can steal him, he ain't never yours
Never love an O.P.P., I'm riding dick and keeping score
They say I'm a whore, I say I'm smarter than the average wife
Imma give up pussy once or twice, you gon' give up your life
Niggas don't appreciate they suffocate
That's why I keep my pussy and emotions in a separate place
MD 2020 till it's empty, Molly crystals gimme chills
I got ADD and bills
I'm just saying, shit is real
If I die misunderstood, it's all good, I never needed you
You only get one Mutha, guarantee I'll find a better you
