Mommy you're so cute! Hehe!

Say it one more time...

Mommy you're so cute!

Chase a nigga, who for what

Leave a nigga, bust a nut

Break a nigga pockets if he guapping - don't know who to trust

Thick as fuck, I back it up

I'm spazzing, bitch I'm acting up

I call your baby daddy my lil daddy, hoe you mad, for what?

Speaking on my name will get you touched, my pistol love to fuck

Eating 'bout my cake, I'm tryna get it just to fuck it up

He only over here cause he say yo' pussy don't do enough

I pray for your peace when I'm on top of him... I know it's rough

Tats all on my face, my baby lick it, he like how I taste

Better than a model, I'm a goddess, bitch I break the bank

You ain't gotta like me, we ain't acting like yo' shit don't stank

I do what you can't, bitch you a loser, imma make it crank

Spending all your money tryna be like me, I'm me for free

Spit all on his dick, look in his eyes, yo' nigga stuck with me

I told you stupid bitches not to fuck with me - I levelled up

Know you hate to see me bossing up but I don't give a fuck

Lipstick, thighs thick, badder than that Bulma bitch

Double D, them heavy tits, I bend it over, make your rent

Lipstick, thighs thick, badder than that Bulma bitch

Double D, them heavy tits, I bend it over, make your rent

Pay me if you wanna waste my time, I won't complain as much

Hit me when your girlfriend leave, she boring, I just wanna fuck

You ain't even gotta see the crib, I'll fuck you in the truck

I'm a slut forever, you ain't gang if you can't make me nut

I don't beef with bitches, I prefer my beef with broccoli

But you a fucking fool if you think imma let you shit on me

I'm super duper clean, you in-between, I'm headed to the green

They envy me, my mini me's be everywhere you wanna be

Gold all on my necklace

Eat a loser bitch for breakfast

Titties bout as big as texas

Molly got me acting reckless

I walk in I'm snatching wigs and I ain't gotta break a sweat

I been getting extra paid so I need all of that respect (bitch)

I don't got no time to chill, I got a bill, I got a bank

I gotta roll it up, it stank

I gotta level up my rank

Tryna run off on you bitches like my stomach balling up

Tryna piss these niggas off

I'm cran moscato, double cup bitch!

Lipstick, thighs thick, badder than that Bulma bitch

Double D, them heavy tits, I bend it over, make your rent
