He thought he was g  
Cause he was creepin on a bad bitch  
Shoulda did the research  
Now he big hurt  
I'm a savage  
Get these bitches wetter  
Make em jealous  
Either way its love  
Big ol booty titties  
Triple moon  
I'm like the man above  
You can't get over me  
This pussy sticky  
Grip it like a glove  
You not hard enough to bang on me  
Lil baby I'm a thug  
I don't fuck with liars  
Fuck with cheaters  
I don't fuck with scrubs  
Scrub a nigga dick off with a brillo  
If push come to shove  
Mutha she so nice  
But she so nasty  
She don't play no games  
Cheat on me with her  
I bet cheat on you with me  
I bet she not gon wanna leave  
Rob a nigga wipe em clean  
Roll up on em like a bean  
Hold auditions cause a scene  
Who the fuck gave you permission  
How dare you betray the queen  
Now its off with niggas heads  
Off with his bitch  
Off with his bread  
Off with the top  
Back in his face like he musta forgot  
I'm gettin money bitch  
Look at my knot  
Gotta kick in his door  
Aim at his cock

He thought he was hot  
Cause these basic bitches was on him  
They don't want em  
They just wanna say they got a piece of me  
You don't get it

I'm the business  
You the muthafuckin employee  
You go back to obsolete  
If I offer these bitches me  
Yea I know u thought u had it on ya  
They don't even know ya  
I'm the realest bitch  
U a persona

They done drove me crazy  
Snatch a nigga baby  
Get her back  
And she like come & save me  
I'm hotter than any nigga I done ever fucked  
Give it up

I got the devil in my corner  
He got books for me to read  
I lay it down  
I sow my seed  
I do the work  
They give me greed  
It ain't nobody I need  
I built this shit up from the bottom  
Now the bottoms love me  
I get live as fuck  
They throw me dollars  
When I nut these bitches swallow  
I ain't trippin  
I'm a superstar
