

Boy what's up? I wanna kick it in yo bucket

We just fun and young and fuckin'
Lickin' dick and ain't no cuffin'
I don't love these hoes for nothin'
Body bangin', I'm a woman, I'm just younger than yo mother
Just wanna take a ride, sit inside, he got custom seats
All over my body, bend me over, she a super freak
Strawberry sweet and petite, pubic hairs between ya teeth
Got you all weak in the knees, you want? Gotta battle me

Ain't no rushin', we just fun and young and fuckin'
Give it to me, ain't no rushin', we just fun and young and fuckin'
You don't own me, you don't know me, that shit ain't up for discussion
Baby boy, ain't no rushin', we just fun and young and fuckin'
Ain't no rushin', we just fun and young and fuckin'
Give it to me, ain't no rushin', we just fun and young and fuckin'
You don't own me, you don't know me, that shit ain't up for discussion

Been seen a nigga from curts, I peeped him
Put him in reverse, ten stacks, I need them
That's that - aye how it look from the front
Make a nigga back-back and me pressure
Aye - please spend the money on the dress
'Cause he wanna impress her
Put 'em with the best and the rest on read
Gave me a present and the rest gave head
What's a backseat fuck when I'm in the sleigh bed?
Nigga, bread winner, ski slope, saddle up sled
Wetter, tellin' me you niggas on meds, figure
Why I'm over bitches like a pet sitter
Damn, how I'm finna tell you (?) give me that allowance?
How I'm finna run through this fuckin' deposit?
Where them niggas whippin' that whip with the mileage?
Keep hush money, I'll keep ya in the closet

Ain't no rushin', we just fun and young and fuckin'
Give it to me, ain't no rushin', we just fun and young and fuckin'
You don't own me, you don't know me, that shit ain't up for discussion
Baby boy, ain't no rushin', we just fun and young and fuckin'
Ain't no rushin', we just fun and young and fuckin'
Give it to me, ain't no rushin', we just fun and young and fuckin'
You don't own me, you don't know me, that shit ain't up for discussion
