But shit, i think i'm on my way
I'm so thankful

Life is great
Yea the bad come with the good
But i'm the baddest in my hood
No lol
No knock on wood
These pussy niggas wish they could
Yea bitch

Imma get money regardless
Imma get money regardless

She like bbymutha cold

She jus wanna smoke
She brought the dope

I like coming clean
Squeaking when i hit the scene
She leakin

Aura make em envy me
I can't keep lettin these bitches believe they worthy of beef
I'm tryna get to the top
And you bitches is so beneath

With bitches who look like hobbits
And niggas who only woman ever loved em is they mama
Really over the drama
I'm fuckin with the respect
I'm ready to meet the bastards who don't know they bastards yet
I'm ready to leave the trap
And put my bitches on the map
I'm in the cut with my candles my angel told me it's handled
