Mama, you look like a rockstar!
Rock Floyd the only one

Coke on my waist
He put my clit in his face, lick it up and he caught a drain
I'm not a regular bitch
You gon' pay for my presence, I ain't tryna be yo main
I got 'em wrapped 'round my finger
He stuck like a stinger, play more than he play the game
I'ma jus block 'em and get to the money, bitch
Life is too short to transact with lames
That bitch in trouble, she stay throwing salt
'Cause the boys on the block say this pussy flame
Put that bitch in my trunk, burn her fingerprints off
Split her wig, make her change her name
I ain't got time to be humble
This rap shit a jungle, you either gon' drip or drown
Shout out to bitches who said I wouldn't make it
They ain't got no choice but to wipe me down
I need a bag, can't fuck around
All my friends act like enemies anyhow
You a copy, lil' bitch, I'm original
I gave birth to you hoes, I'll admit it now
I was nervous, these bitches embarrass me
Fuck it, I'm moshing in Paris, G
Can't compare us, I dare ya to come compete
Turn ya pride to a carcass, no eulogy

Heavy metal in my bezel, heavy sweat all in my sheets
Every level got a devil, I be losin' hella sleep
I'm a rockstar, money make my cock hard
Baby, I'm a rockstar, money make my cock hard, yeah
Heavy metal in my bezel, heavy sweat all in my sheets
Every level got a devil, man, somebody pray for me
I'm a rockstar, money make my cock hard
Baby, I'm a rockstar, money make my cock hard, yeah

I'll drop the strap on a nigga
He sending me quality pics of his bootyhole
I can't e'en sweat the lil' nigga
I look in his eye when I suck it and steal his soul
Almost hit Disney to sue 'em 'bout Elsa
We been knew that mutha who really cold
Bitches be feelin' theyselves on the net
These Helvetica hoochies ain't really bold
I never needed approval, I know I'm that bitch
I'm so groovy I got 'em shook
I'm so remarkable, I bring out anger in bitches
That don't e'en know how I look
They see the truth when they look at me
They see they aunts and they mama and granny, G
They see a mirror, it don't get no clearer
I'm everything bitches is scared to be
Say I ain't fye, that's a lie
Defamation of character, see you in fuckin' court
Let me pull up on yo father, it's almost the first
He owe me a lil' child support

Hopped out the pussy demonic
Pops say I'm crazy, I say I'm iconic
Came for my rings and my coin like I'm Sonic
Took off on you bitches, I run it, you dummy

Heavy metal in my bezel, heavy sweat all in my sheets
Every level got a devil, I be losin' hella sleep
I'm a rockstar, money make my cock hard
Baby, I'm a rockstar, money make my cock hard, yeah
Heavy metal in my bezel, heavy sweat all in my sheets
Every level got a devil, man, somebody pray for me
I'm a rockstar, money make my cock hard
