

Holographic

BbyMutha

'Bout to take a thirty dollar trip to a whole 'nother universe
I ain't even gotta bring a purse
Gotta shake the negativity, everybody pressin' me
Got me in a slump, take a bump
Three tabs on my tongue
Now I'm 'bout to have a rave with the roaches
Starin' at the ceiling, feel the bubble guts approachin'
I can see the beauty in the bullshit
Damn, I probably shouldn't have took that third hit
Fuck it, bitch, I'm thuggin' in my cockpit

(On another planet, bitch, I'm feelin' holographic, yeah)
It's a bird, it's a plane, it's a hood rat
(On another planet, bitch, I'm feelin' holographic, yeah)
Psychedelic, holographic, smokin' on the wood
(On another planet, bitch, I'm feelin' holographic)
And I'm feelin' real good
You should meet me in the middle
(Bitch, I'm feelin' holographic)
Bring a Skittle, make it flip a little, yeah
(Bitch, I'm feelin' holographic, yeah)
Bitch, I'm 'bout to take a trip
(On another planet, bitch, I'm feelin' holographic, yeah)
It's a bird, it's a plane, it's a hood rat
(On another planet, bitch, I'm feelin' holographic, yeah)
Psychedelic, holographic, smokin' on the wood
(On another planet, bitch, I'm feelin' holographic)
And I'm feelin' real good
You should meet me in the middle

High to day, look me in my eye today
I can tell you all about the world in such a way
You wanna die today, you wanna live today
You wanna ride, close your eyes
Lemme open 'em, put it on a scope
Ain't it funny, we be stressin' over money
We ain't really gotta
Go around, it come around, started from the bottom
See the color, see the light, see the glitter, see the visual
See me on a psychedelic level, feelin' spiritual, yeah

(On another planet, bitch, I'm feelin' holographic, yeah)

It's a bird, it's a plane, it's a hood rat
(On another planet, bitch, I'm feelin' holographic, yeah)
