

I Died Today

BbyMutha

I died today:
"Yea, lil bitch from round the way...
I think she be rapping
She was takin off and everything!
Naw her shit be slappin
Hol up
Let me find a song to play..."

"Hello operator I think I just went and..."

Tapped in with the devil
Lost a level of my sanity
So I don't give a fuck about these hoes
And they humanity
And I be working hard
But I know everything is fake
You would love me if u lost me
While I'm here
These hoes gone hate
What a waste
It get blacker at the bottom
I see why they rest in peace
Ain't no bitches in they business
Ain't no niggas in they feelings
Ain't no heroes ain't no villains
It ain't no other dimensions
No followers ain't no mentions
Really kinda pretentious
I wanted weeping and moaning
Ain't no gnashing
Ain't no teeth
I ain't see no pearly gate
Ain't no Jesus with a lace
Was nothing before I hit this bitch
And imma leave the same
We matter cause we material
You get lame when u change
Yea yea

I died today
I died today
I died today
U heard me hoe
I died today
Yea
I died today
I died today
I died today
U heard me bitch
I died today

I died today:

"Yea she got two sets of twins
Oh my God that's sad as fuck
I hate it
Wanted her to win

Hol up let me play this shit right quick
She really hard
She be talkin shit to these niggas
Yea
Magical, mystical bars"

"U can't give yo pussy to a nigga
Who ain't blah blah blah
Somethin somethin lil mama
That's bad for business lil mama"

Hope u remember lil mama
Yea let em know I'm a legend
Get to checkin em when they put disrespect on my presence
If it matter cause it ain't gon ever matter to me
I don't exist
Mutha the myth
I make em do it for free
I left a legacy
That I can't even be here to see
I hope my daughters know they worth
And hope they worth more than me
I hope I showed em ain't no limits
You gon be who you be
And where you choose to spend your time
While you alive don't make you righteous
No such thing as living right
We all gone meet the same demise
Bust ya nuts
And float yo highs
And chase ya dreams
And lose ya mind
Yea yea

I died today
I died today
I died today
U heard me hoe
I died today
Yea
I died today
I died today
I died today
U heard me bitch
I died today
