

Yeah

I don't need a nigga who can't call me when he's sober  
Nigga you not 'bout to gas me for my goodie bag  
Taking out the trash, boy I'm over you  
Getting to the cash, it was overdue  
You been missing out on all this honeydew  
I let another nigga try it out and now he mad at you  
I'm calling up my bitches, new extensions, we in Malibu  
Popping pink moscato, kicks all on your nigga comforter  
They bout it on the internet but in the streets they run from her  
Blasting with the ratchet bitch  
He left me for the average bitch  
I'm smoking with the baddest bitch  
I'm looking like a walk  
Pussy tight, it's still a drip, I'm walking with a lil' limp  
Icy bitch, acrylics froze dripping, numb all in my throat  
Skip it nigga get your coat  
Made 'em catch the holy ghost  
Tell that hoe to curl your toes  
I'm done with that, don't want you back  
You tried to play a bitch like she was regular  
So don't you hit my line when you get fucking sick and tired of her, bitch!

I'm on savage time, nigga I'm a savage bitch  
I stopped tripping over dick and now I'm getting rich  
Lilith with me, you can't treat me like no average chick  
I'm on savage time, nigga I'm a savage bitch

Yeah, you can't fuck me and you mad about it  
You can pout about it but I doubt I give a fuck about it  
Vision cloudy, reefer blue and purple like the muppet's  
Face a few and holla fuck it  
Back to thuggin in the bucket  
If it wasn't mine, who was it?  
How you give a bitch what she was giving me?  
How you fix yo lips to fuckin lie to me  
How you fix yo' dick to stick around in other women when you swimming in my  
lady lake and fucking up my linens  
I ain't tripping, bitch you got it  
I be cooling, you ain't fooling me  
Wish I never fucked with you, you too cozy with losing me  
Bottles and a blunt - I'm turning up, I never needed you  
You needed me to make you feel important, you a bugaboo  
I'm casually getting to a bag and imma shit on you  
Bless you, burn in hell - you might as well, I wouldn't spit on you  
My taste done got expensive, you too cheap for me to give a fuck  
Can't be looking for a goofy for a goofy, imma run it up bitch!
