Food for her, food for me, food for her
Ain't no pressures on it
Now he wanna cut me like the lines on the dresser
When he look me in my eyes and squeeze my thighs
He see the devil riding high
He wanna cut me like the lines on the dresser, yuh

Lines on the dresser

Love is not enough for me
Love is not enough for me
I need a nigga stuck on me
Cuff for me, buff for me
Sacrifice and speak for me
Do them dirty, please get on your knees and beg and plead for me, yuh

If I'm your one and only, be about it, yuh
You say you love me, better be about it, yuh
You really want me, better be about it, yuh
