I know these bitches wan' sit on my dick
'Cause they think It's a rise to the top, yeah
I know this bitch ain't put on no deodorant
Won't let her touch me, it's hot, ew
I know my nigga's the finest so I gotta hide him
You bitches is weird, yuh
I know you hoes is unstable, I pull up and shave 'em
Shout out Britney spears, woah
Hate it or love it, I'm runnin' it, lace up my Nikes
And face all my fears, yuh
Wife beater on, generation: I'm way too impatient
To wait on my peers, okay
Pop out with Delvay and 'Dora, the genre is horror
We eat 'em alive, yuh
I guess I get it, I'm black and I'm beautiful
Shout out to Lucifer, don't fuck with goofies
My chopper go goofy or these bitches thirsty
I'm deadly, I roofie 'em, don't wanna fuck 'em or cuff 'em
I body 'em, grind 'em like garbage disposables, I swallow 'em
I put my dick in they face, I bukkake 'em, yuh
That ain't my gang, I 'on't rock with 'em, yuh
Dick in they face, I bukkake 'em, yuh
That ain't my gang, I 'on't rock with 'em, droppin' 'em, yuh

Here I go, here I go, here I go, here I go, here I go, yuh
I heard you bitches was lookin' for me, yuh
Here I go, here I go, here I go, here I go, here I go, yuh
I heard you bitches was lookin' for me, yuh

Ayy baby, ayy, I let her ride
But she gon' get out 'fore we get to the top
I'm tryna slide like "safe," I'm tryna be like the base
I'm tryna see what she on
Might let her sit on my face
Baby just watch my braces
You think you slick as a snake, I like bitches in packs
Let 'em pick up where you lack
Won't get a slice of the cake
Pistol, I got it and I'm on narcotics, they make me erotic
Like come here massage it
But just use your throat girl, you know how I like it
I call her lil bitch and that cat get excited
She got a bestie, I let her invite her
That hoe talkin' crazy, I tell her to fight her
The pizza was mid but I told her it's fire
She like to ride, what the fuck? I'm a driver
I bought the pack like this from Colorado
I'm indecisive, mix runtz and gelato
She think this her dick, got her feelin' entitled
She just wanna fuck and she don't want a title

I'm in a spot, the spot vitiligo
Fuck that lil bitch 'til she spot like a cycle
You know the police and the opps, I keep me a Glock
You lookin' for me? Here I go

Here I go, here I go, here I go, here I go, here I go, yuh
I heard you bitches was lookin' for me, yuh
Here I go, here I go, here I go, here I go, here I go, yuh
I heard you bitches was lookin' for me, yuh
