

Mikey's Lullaby

BbyMutha

I was hoping you was still up
I wish I was under you lettin the pressure build up
Tell me bout your day
Turn on 2k on your game
Take a shower, let it rain

Yeah I know, I know
You wanna see my body over facetime
Distance between us feel like a hate crime

Visual until we gettin physical
Everytime we fuck I go to God
Its gettin spiritual
I can't wait to sleep all on your chest
Smoke away the stress
Future got us dancing and romancing
Sun is coming up
I don't wanna but I gotta go
I gotta suck it up

Yea I know you wanna see my body over facetime
Distance between us won't stay between us
Its a hate crime

You get on my nerves
You drive me crazy
Boy you so fine

Yea I know you wanna see my body over facetime
Distance between us won't stay between us
Its a hate crime

Baby boy I love you
Wanna hug you
You so damn fine
Yea
