

Here we go again, these niggas always muthafuckin' lying and shit
I don't understand a muthafuckin' liar like, why lie?
Why cheat? Just be a real nigga
I can't take this shit, I gotta... I gotta fuck this nigga up
Like, no shade, I gotta fuck this nigga up
I gotta... I can't shoot him, that's too [?]
No I can't shoot him, I just cut a nigga head off
I can't do that again
I'ma fuckin', I'ma beat this nigga in the head
I'ma-I'ma, yeah, I'ma fuck this nigga up, I got it

I'm the wrong bitch to fuck with
'Bout to knock your block off
All this fire energy in me, I'll shoot your cock off
Claimed me way too many times, treated me like a knock-off
I'm the real deal, blue pill, take a ride, shoot to kill
Never had you looking stupid, I'm a loser
Now you gotta die, where's my pistol? Call me cupid
Never mind, my bullets way too good for you
I'ma just beat you the way yo momma shoulda
Ain't she tell you not to fuck with hoodrats
Slutbag - never cuff that! "Blah blah blah blah!"
Nigga you got everything from me, how dare I let you breathe?
Bitch, how fuckin' dare you creep on me?
I ain't the enemy, I put all in, my energy in you
Now what I'm suppose to do?

Die! Die!

I'm the devil's main bitch
I'm not even pressed, I'm just disgusted
You treatin' me like I'm busted
Like I'm regular-degular, all spectacular-radicle
Juicy coochie so magical, super-poppin' vernacular
You care more 'bout what these niggas say about me, that's cool
I'm just breakin' the rules
Thotty bitch, how dare I try to find some lovin'
When it's way too many wifey's around?
Fuck that shit, I'll put your dick in the ground
I held you down, hoe, you owe me
