BbyMutha

I heard these bitches don't like me
I heard I keep 'em copycattin' like a type beat
I know you love 'em, I just want 'em for my nightly
This pussy heavyweight, yo' nigga wanna fight me
Higher than a kite be, rollin'? Bitch, I might be
I ain't lettin' bitches breathe
You don't like it you can leave, you a peasant, I'm the queen
They was shittin', pissin' on me when I first hopped on the scene
Now I'm all over they internet, they can't get rid of me yet
All these bitches lyin' if they say they ain't feelin' me yet
Bitches undercover bby-fuckin'-mutha lovers
They don't make me use the rubber, my influence in they ovaries
Still, they can't get close to me, I see why they mad at me
Yeah, I don't claim 'em, bitch, you not my kid
I don't recognize you bitches, who the fuck that is?
I'ma skrrt off on you bitches like a rap ad-lib
I don't recognize you bitches, who the fuck that is? Yeah

I be boolin' with the fairies, I be mindin' my business
I protect my territory, I don't play with these bitches
Disrespect me, it's vacation, let 'em sleep with the fishes
Show my fangs, I let it hang, you want a war, I get viscous
I be boolin' with the fairies, I be mindin' my business
I protect my territory, I don't play with these bitches
Disrespect me, it's vacation, let 'em sleep with the fishes
Show my fangs, I let it hang, you want a war, I get viscous

I heard these bitches want smoke, I'ma roll up like a Backwood
You not even mean, lil' baby, you just act good
Mama shoulda beat yo' ass, fuck it, maybe I should
I don't give a fuck about yo' Twitter, I'ma realer nigga
I can not be canceled, can't be handled, I'ma big dog
Can't get rid of me, I'm a disease
I wipe these bitches out wit' ease
On they neck I'm like a flea
I'm so disgusting, they can't stomach me
You not even wet enough to come for me
I ain't sparinn' bitches, not evil, but I'm the mistress
Try to put me in the corner, I cook 'em like a DiGiorno
Fuck these bitches like a porno, no hetero
Peek-a-boo, you a scary ho
Trauma nigga [?][1:56] fairy ho
Turn 'em up like a stereo
Goddamn, I don't claim 'em, bitch, you not my kid
I don't recognize you bitches, who the fuck that is?
Tryna fuck up how I eat, I double dare them, I sleep
Y'all don't hear me, run it back and put the song on repeat, yeah

I be boolin' with the fairies, I be mindin' my business
I protect my territory, I don't play with these bitches
Disrespect me, it's vacation, let 'em sleep with the fishes
Show my fangs, I let it hang, you want a war, I get viscous
I be boolin' with the fairies, I be mindin' my business
I protect my territory, I don't play with these bitches
Disrespect me, it's vacation, let 'em sleep with the fishes
Show my fangs, I let it hang, you want a war, I get viscous
