BbyMutha

Bitches oh so stupid
Think I'm here for they approval
You don't like the way I'm moving?
Plenty methods for removal, yea
This ain't no audition
I ain't ask for your permission, yea
Love you, then they switching
They be huntin', I'm bewitching
Get these bitches in they 'maginary, temporary feelings
Mutha what you do to these bitches?
I be existing
I can drink a glass of water
Have all of these bitches pissing
I'm an artist, I'm the hardest
The rest is none of your business
I'm fuckin'
Who I'm lovin', I'm lickin'
And who I'm suckin'
I'm bangin', how I'm hangin'
And swangin', you too invasive
A stranger, I'm a demon
I'm danger
You the abortion, I'm hanger
She not even real to me
If I can't pull up and spank her

It's some hoes in this house
It's some hoes in this house
If you see em point em out
Beat em up and drag em out

Yea
Understand me if you g enough
Sick of wasting words on silly birds
It never be enough
Okay you don't like me
I sleep tightly, bitch
I'm here to stay
Can't take nothin' from me
You ain't give it to me anyway
My babies the greatest cuz I let em be
Yea
I can't let em see me jump cuz bitches tellin' me
Yea
It ain't nothin' more sacred than my identity
Yea
Everybody ain't the same as you
You do it for show
But imma shoot
I'm the shell, the seed, the fruit
You the lick, the lame, the loot
I'm the grime, the grit, the truth
You the slime, the snake, the fool
You full of that shit, I'm flushin'
I'm blushin', I leave em red
I'm reba, I'm a survivor
My destiny make em dance, yea

It's some hoes in this house
It's some hoes in this house
If you see em point em out
Beat em up and drag em out
