

# Queen Of Hell

BbyMutha

5-foot even, wretched walk  
Designer demon, fire hot  
I'm golden gleamin', cool me off  
I'm smokin' steamin', yuh

I'm the baddest baby  
Gotta watch me like I'm streamin'  
Put yo nigga in a better mood  
He cookin' and he cleanin'

Do favors you can thank me later  
Life on elevator  
I ain't trippin 'bout the L's no more  
The dubs a little greater

Been chargin' up I'm fully fuckin' loaded  
Ho I'm GOAT-ed  
Sick of bitches tryna humble me  
Time to get the gloatin'

I'm that bitch because I said I am  
And bitch what I say go  
I'm that nigga cuz I said I am  
Am I a killa? I know

And I done spared so many hoes  
Coulda stole so many souls  
And so much power in my tongue  
I need a permit just to quote

Who knows?  
Who knows baby  
Let it in  
Lose control with me  
Rearrange the way I think about myself  
I don't really care to answer no one else

Who knows?  
Who knows baby  
Let it in  
Lose control with me  
Rearrange the way I think about myself  
I don't really care to answer no one else

I fell in love with the moon on a Monday  
And I fell in love with me under the moon  
And he fall in love every time he pull up  
Leave his dick in my guts like my shit a cocoon

Butterfly baby I'm changing his life  
Fuck like a slut, sell like a wife  
Piss the ho off, pull up lookin' soft  
Hop out make it hard for a ho to pop out

I got the [?] the painting  
The voodoo, the matrix  
The angry bad lady

Go stupid go crazy  
Yuh

I can't be catchin' no rabies  
These bitches be bitin'  
I'm shootin' no tazin'. yuh

How my existence can spark a debate  
Bitch when she know me she yesterday late  
Can't really hold me I'm Mutha the great

Come for the top every time  
Like a head of a dime  
Either way you try to flip it it's mine  
Straight tequila ain't no need for the lime  
Gangsta gangsta, they can't stand when I shine

Who knows?  
Who knows baby  
Let it in  
Lose control with me  
Rearrange the way I think about myself  
I don't really care to answer no one else
