

I just wanna go outside
And shake it on a rainy day
Them boujie hoes be in the house
And I be gettin' to the cake
I do the fuckin' most and rinse it off
Ain't gotta beat my face
Gotta shake it off
I gotta breathe
I gotta bleed today
Fuck who I impress
I'm in a 20 dollar dress
I'm lookin' like a couple bills
I'm underwater, give me gills
I'm drippin' wrist, I'm drippin' neck
I'm drippin', boy, can't touch me yet
He pull up, I'm extra wet
But I like playin' hard to get, yea

I jus wanna go outside and flex on all these bitches, yea
I jus wanna go outside and step on all these bitches, yea
I jus wanna go outside and shit on all these bitches, yea
I jus wanna go outside and flex on all these bitches, yea

I jus wanna go outside and flex on all these bitches, yea
I jus wanna go outside and step on all these bitches, yea
I jus wanna go outside and shit on all these bitches, yea
I jus wanna go outside and flex on all these bitches, yea

I just wanna go outside and shake it on a rainy day
For you that is an omen, but to me it is a holiday
I like to step out splashin' on these bitches, check my DNA
I'm bleeding blue, my attitude so cold and I got shit to say
I don't need no umbrella, I'm the weather
I'm the price to pay
Bitches see me coming
They feel like they underdressed today
I never underestimate
I'm coming heavy either way
Rising with the sun
I'm one of one
You bitches one and done

I jus wanna go outside and flex on all these bitches, yea
I jus wanna go outside and step on all these bitches, yea
I jus wanna go outside and shit on all these bitches, yea
I jus wanna go outside and flex on all these bitches, yea

I jus wanna go outside and flex on all these bitches, yea
I jus wanna go outside and step on all these bitches, yea
I jus wanna go outside and shit on all these bitches, yea
I jus wanna go outside and flex on all these bitches, yea
