

# Sleeping With The Enemy

BbyMutha

Creeping round corners  
I don't feel like myself  
Studying your movements  
It's a carousel  
And I can confirm that you mean what you say  
And I'm pretty sure that it's better that way

Why can't I trust in you?  
Am I slipping up over you?  
If it really turned to be the way that I think  
How bad could it be?  
If it really turned to be the way that I think  
How bad could it be?

I don't wanna make you think you get away with anything  
And I know that we could go for  
Round and round like 123  
And I gotta question myself  
Is it coming?  
Possibly  
And I gotta wonder  
Am I sleeping with the enemy?  
I don't wanna make you think you get away with anything  
And I know that we could go for  
Round and round like 123  
And I gotta question myself  
Is it coming?  
Possibly  
And I gotta wonder  
Am I sleeping with the enemy?

Can't afford to get played again  
Bitches wanna be my friend  
I don't know what to tell them  
I can smell'em  
Niggas hard to trust  
You don't know me, bitch  
I can't be touched  
Why you got your eye on me?  
I gotta question what the fuck they see  
I gotta question every move they make  
And breathe they take  
Lucifer was beautiful  
But that doesn't mean he wasn't a snake  
Bitch

Why can't I trust in you?  
Am I slipping up over you?  
If it really turned to be the way that I think  
How bad could it be?  
If it really turned to be the way that I think  
How bad could it be?

I don't wanna make you think you get away with anything  
And I know that we could go for  
Round and round like 123  
And I gotta question myself

Is it coming?  
Possibly  
And I gotta wonder  
Am I sleeping with the enemy?  
I don't wanna make you think you get away with anything  
And I know that we could go for  
Round and round like 123  
And I gotta question myself  
Is it coming?  
Possibly  
And I gotta wonder  
Am I sleeping with the enemy?

I can't even tell if I'm making this up  
Impossible to assume what you want  
I'm watching my back like I got nothing left  
I give you all I got  
Wish I knew what was next

Why can't I trust in you?  
Am I slipping up over you?  
If it really turned to be the way that I think  
How bad could it be?  
If it really turned to be the way that I think  
How bad could it be?

I don't wanna make you think you get away with anything  
And I know that we could go for  
Round and round like 123  
And I gotta question myself  
Is it coming?  
Possibly  
And I gotta wonder  
Am I sleeping with the enemy?  
I don't wanna make you think you get away with anything  
And I know that we could go for  
Round and round like 123  
And I gotta question myself  
Is it coming?  
Possibly  
And I gotta wonder  
Am I sleeping with the enemy?
