

Bitch

I could never let these goofy muthafuckas motivate me  
I trap by my lonely  
Know these niggas love to hate me  
Every nigga fetish, they embarrassed  
But they chase me  
Cry my ass a river  
When they know they can't replace me  
She can fuck you backwards  
Fuck you forwards, I'm the og  
Pussy an accessory, it ain't too many like me  
I can't let you linger  
Ain't no coming back to bite me  
I am not your property  
That bullshit don't excite me  
Bet he told you baby you the best I ever had  
I gotta cum in you  
Never had a bitch that ride the dick like you  
He kissing you  
He all up in yo face, you in his space  
He pay a bill or two  
He leave, he hit the trap, he tellin me just what he tellin you  
Bitch

That pussy ain't gon make that nigga stay  
That pussy ain't gon make that nigga stay  
He can leave your ass tomorrow  
Get your paper straight today  
Cause that pussy ain't gon make that nigga stay

All these niggas in my face  
Scuse me please, get out my way  
Flashin money don't amuse me  
I'm impressed when shit get paid  
I got bills, expensive habits  
Niggas gone get made or break  
And he better make it drizzle  
Basic bitches pray for rain  
Basic bitches be them hatin bitches  
Always throwin shade  
Shady bitches somewhere waitin  
Tryna rain on my parade  
I be on my shit  
And she be on my page  
She can't keep up  
I be on his check  
And might sit on his neck  
But he can't fuck

That pussy ain't gon make that nigga stay  
That pussy ain't gon make that nigga stay  
He can leave your ass tomorrow  
Get your paper straight today  
Cause that pussy ain't gon make that nigga stay
