

Sweeter Than A Savage

BbyMutha

Scared to turn the lights off
Scared to run it up without my nigga
Yo I'm too soft
I'm taking it harder than I wanna
Imma push tho
Imma make u proud
Say it loud
This for mikey hoe
I ain't never met a nigga sweeter than a savage
And I never will
What we had was magic
Never average
Kept it super real
Feel it in my stomach
Gotta vomit
You not even here
I can't see your face
Can't feel your hands around my waist
I miss the way you call me baby
I miss waiting on your calls
I miss touching you
Fuckin you
We was sposed to have it all
U was so important
Hurtin cause I ain't answer your calls
I was bein bitchy
Swear you ain't deserve it
Wasn't worth it
I ain't met a nigga sweeter than a savage
And I prolly won't
Put me on a pedestall
That other niggas simply don't
Made me feel so worthy
Never hurt me
Really raised the bar
I'm so torn apart
I'm mutha moon
I need my fuckin star

I ain't never met a nigga sweeter than a savage, yea
Never met a nigga sweeter than a savage, yea
I ain't never met a nigga sweeter than a savage, yea
Never met a nigga sweeter than a savage

Love is patient
Love is kind
Love me til the end of time
Need my nigga by my side
I'm sick of losing my mind
You brought me a lot of balance
Your lovin was hard to find
You treated me like a goddess
You made me feel like the hottest
The baddest with all the talent
Intelligent poppin parent
Gave me a boost of confidence
I can't even compare it

I'm broken I can't repair it
I'm lonely it's fucking scary
Ain't believing you buried
We sposed to be getting married
I ain't met a nigga sweeter than a savage
I don't plan to
I'll admit sometimes it got so hard to understand you
I was hurtin
You was hurtin too
I know you needed me
But I needed me more
I wasn't tryna close a door
So how the fuck a pussy nigga get to close it on me?
Playin God like its a hobby
I'm so fuckin sorry
Niggas took the only nigga
Who done ever got it right
Imma let my demons win tonight
I can't afford to fight
Imma swim in this tequila til I'm feelin on myself
Close my eyes pretend its you
Cause I can't see nobody else
Yea
Close my eyes pretend its you
Cause I can't see nobody else
Yea
