

# Kiss Of Light

Be Bop Deluxe

The woman of moon flew into my room last night  
She tortured my body and made me feel sorry  
Though I thought I was right

Gave me the kiss of light... Gave me the kiss of light...  
Gave me the kiss of light... Gave me the kiss of

Light my candle, hold my hand,  
I'm grinning like a fool  
Spread your love around my head  
I'm feeling rather cruel

Alone in the dance hall we spoke of her next incarnation...  
I asked what it took and she gave me a look  
Needing no explanation

Gave me the kiss of light... Gave me the kiss of light...  
Gave me the kiss of light... Gave me the kiss of

Lightning flashing, thunder crashing,

Love is such a thrill  
Re-arrange my holidays and move in for the kill

She gives me the kiss on light  
And all my mirrors are windows  
She gives me the kiss of light  
And I don't know where the time goes  
I'm down on my knees, it's easy to see how everything has its'  
place...  
And mine is to be her taste of the sea this morning...

We walked through the towers, the sky fell in showers,  
We caused a sensation  
The future was changed as we stood in the rain  
At the back of the station...

Gave me the kiss of light...  
Gave me the kiss of light...  
Gave me the kiss of light...  
Gave me the kiss of light...
