

## New Mysteries

Be Bop Deluxe

New mysteries  
There's mystery in the air  
New mysteries  
The kind I never share.

Running in the dark  
Beating on your bleeding heart  
Wrecked beyond repair.

New mysteries  
The shadow of the stars  
New mysteries  
In black and silver cars.

Speeding through your heart  
Pricking like a poison dart  
Cutting to the quick.

New mysteries  
There's mystery in the air  
New mysteries  
There's mystery everywhere.

A whisper in your ear  
A touch so light when no one's there  
The face you cannot see.

New mysteries  
It rains inside your room  
New mysteries  
You will be drowning soon.

Water in your mouth  
Breathing in and breathing out  
A river through your soul.

New mysteries, new mysteries, new mysteries.

New mysteries, new mysteries, new mysteries  
New mysteries, new mysteries.
