Hey, where'd you come from?
And where are you headed?
What kind of tears are you swimming in?
It's okay now
So come over
We're both loved by the same ocean
Ooh-ooh-ooh-ooh-ooh
Sailing I wanna stay by yourside
Ooh-ooh-ooh-ooh-ooh
A forever family

We all hurt and get hurt
Let me carry some of the past you bear
Waving to each other as we pass by
Over and over until we embrace again
Riding the sun, it's been 3 days
Never forget, don't lie 2 yourself
The one you want to be can't wait to see you yeah, yeah

I'll be there for you, even through unbearable pain
An over-the-top dream that's just like you

Let's turn every storm into a tailwind
Sailing sailing
Go higher, sailing
We'll keep singing of today and tomorrow
Sailing sailing (Yo-ho!)
Sailing sailing

Dan-dan-dance with me
Endlessly cherish
The sea and the sky
Let them open your eyes ay
Dan-dan-dance with me
Endlessly cherish

It's all right if it brings you to tears

(Rock the party!)
(Let's be fools!)
(Rock the party!)
(Let's be fools!)

Ooh-ooh-ooh-ooh-ooh
No such thing as a mistake
Ooh-ooh-ooh-ooh-ooh
We're never giving up
Ooh-ooh-ooh-ooh-ooh
Don't keep looking down
We're stomping forward, every time

Such a gloomy sky today
Hey God, where's the finish line?
Failure is part of the fun
We'll start over as much as we want
On the rough seas, ready to say "Cheese!"
Where's the sun hiding?
Take the helm and steer to the future we bet on

No matter what we gain, It slips away
But in our hearts, friends and family are here to stay

Let's turn every storm into a tailwind
Sailing sailing
Go higher, sailing
We'll keep singing of today and tomorrow
Sailing, sailing (Yo-ho!)
Sailing, sailing

Dan-dan-dance with me
Endlessly cherish
The sea and the sky
Let them open your eyes, year
Dan-dan-dance with me
Endlessly cherish
It's all right if it brings you to tears
