

# THAT BITCH

Bea Miller

I've been running my mouth around around the corner chasing it down the street

Cashing my words like I'm a billionaire but I don't got food to eat

And I keep talking like I'm taller than the trees

But my eyes never see much higher than 5 feet

And I keep on telling everyone the truth but maybe that's not the move

And everyone wants to hear a strong opinion if its the same as you

And they say honesty is the best policy

If that were true don't think all of my friends would hate me

Society is sucking on your dick

And since I got a pussy I'm a bitch

And since you are a dude, yeah, you can tell the truth but as soon as I do I

'm a bitch

Society is sucking on your dick

And since I got a pussy I'm a bitch

And since you are a dude, yeah, you can tell the truth but as soon as I do I

'm a bitch

There was a time this guy he tried to tell me men can cheat women can't

Then he proceeded to ask me out on a date and I fucking laughed

If you're a woman you were made to pleasure me

But out in public hide them shoulders underneath

Society is sucking on your dick

And since I got a pussy I'm a bitch

And since you are a dude, yeah, you can tell the truth but as soon as I do I

'm a bitch

Society is sucking on your dick

And since I got a pussy I'm a bitch

And since you are a dude, yeah, you can tell the truth but as soon as I do I

'm a bitch

If I have to be Imma be that bitch

(I'm that motherfucking bitch)

If I have to be Imma be that bitch

(You should be sucking on my clit)

If I have to be Imma be that bitch

(I said Imma, Imma, Imma bitch

If I have to be Imma be that bitch

(I dare you stop me)

Society is sucking on your dick

(On your dick)

And since I got a pussy I'm a bitch

(Imma bitch)

And since you are a dude, yeah, you can tell the truth but as soon as I do I

'm a bitch

Society is sucking on your dick

(On your dick)

And since I got a pussy I'm a bitch

(Imma bitch)

And since you are a dude, yeah, you can tell the truth but as soon as I do I

'm a bitch

If I have to be Imma be that bitch

(Watch me)

If I have to be Imma be that bitch  
(I said I'll be that bitch so stop me)  
Society...
