

# Apple Cider

beabadoobee

We both like apple cider  
But your hair be smelling like fruit punch  
And I don't even like you that much  
Wait  
I do  
FUCK

Call me  
At midnight  
Let's give this  
Thing a try

You said you liked my hair  
So go ahead and touch it  
You said you liked the jumper I wore  
So I always wore it  
It's really nice to talk to you  
It's really nice to hold your hand  
It's really nice to talk to you  
It's really nice to hold your hand  
And even if we're just friends  
We could be more than that  
And even if we're just friends  
We could be more than that

So call me  
At midnight  
Let's give this thing  
A try

Call me  
At midnight  
Let's give this thing  
A try

So call me  
At midnight  
Ask if it's alright  
To have a sleepover  
To drink some apple cider  
Or maybe some fruit punch  
And we can talk about how we don't like each other that much
