

## Emo Song

beabadoobee

Back on old ways, I know your face  
I haven't seen you in some days  
It hurts my head, my conscience dead  
The fact I miss the way it felt

You're coming back again  
Don't want you back again

You call me up and lie again  
Like all the men I use to trust  
Nobody knows when I was young  
I lost my self in cosmic dust

You're coming back again  
Don't want you back again

Just the thought of you doesn't stop  
You're not a person or a thing  
Just the thought of you on my limbs  
It's all your fault  
It's all your fault  
It's all your fault  
It's all your fault
