# Take A Bite

**beabadoobee**

Sure, it's easy to talk
But I take it and I eat it with a cherry on top
Indulging in situations that are fabricated imaginations
Moments that cease to exist
Only want to fix it with a kiss on the lips

But I think I might
Take a bite

I wanted to see the world in colour
Through your eyes and through your mind
I think that I like to sit and wonder
Through the night, I think I might
Wanna do it all over again

It gets harder to breathe
But I take it and I want it and I love when it bleeds
'Cause I'm craving expectations
That are unattainable temptations
I guess I'll just take the hit
But what's the point of trying if it turns into this?

'Cause I think I might
Take a bite

I wanted to see the world in colour
Through your eyes and through your mind
I think that I like to sit and wonder
Through the night, I think I might
Wanna do it all over again

Moving backwards (I wanna do it all over again)
Stuck in reverse (I wanna do it all over again)
Some things get in the way

I wanted to see the world in colour
Through your eyes and through your mind
I think that I like to sit and wonder
Through the night, I think I might
Wanna do it all over again
