

Barbie

Beach Boys

Barbie, Barbie, queen of the Prom
Turned down dates with Eddie and Tom
Everyone loves her, she's lovely to see
But Barbie, my Barbie, she loves only me

Barbie, Barbie, still in her teens
Belle of the parties, a tom boy in jeans
She's everything that a girl wants to be
And Barbie, my Barbie, she loves only me

This is a year, we have prayed for
This is a moment sublime
All of our lives we have waited for
For this one perfect time

Barbie, Barbie, always I knew
Can come here for one moment with you
Everyone loves you and everyone knows
That Barbie, my Barbie, you love only me

You love only me
You love only me
You love only me
