

# Beginning Of The End

Beach Boys

Wonder why I hesitate to love you  
Wonder why I hesitate to try  
Is it the beginning  
The beginning of the end?

Somehow I can feel my heart is changing  
Somehow I can feel it deep inside  
Yes, it's the beginning  
The beginning of the end

My conscience couldn't badly play the part  
I might as well surrender 'fore I start  
The beginning  
Of the end

Guess it's time you knew my heart is crying  
Guess it's time you knew my heart is blue  
For it's the beginning  
The beginning of the end

Guess it's time you knew my heart is crying  
Guess it's time you knew my heart is blue  
For it's the beginning  
The beginning of the end  
Of the end  
Of the end  
Of the end  
Of the end  
Of the end
