

# Brian's Back

Beach Boys

Teenage gamblers  
Sittin' in a Rambler  
Listenin' to the radio  
And then standing in the grandstand  
Following the gameplan  
Watching life's plays unfold

You fell in love with a pretty cheerleader  
I even married one  
And we once rode a cab out in Salt Lake City  
Comin' up with "Fun Fun Fun"  
(Fun fun fun)

They say that Brian is back  
Well I've known him for oh so long  
They say Brian is back  
Well I never knew that he was gone  
Still they say "Brian is back"  
I know he's had his ups and downs  
Well they say "Brian is back"  
But in my heart he's always been around

I still remember  
Their soundin' sweet and tender  
Singin' "Danny Boy" on Grandma's lap  
And those harmony highs  
Could bring tears to my eyes  
I guess I'm just a sentimental sap

"Good Vibrations" caused such a sensation  
Not to mention ol' Pet Sounds  
And we traveled the world  
As the banners unfurled  
I guess you'd have to say we got around  
(We got around we got around)

They say that Brian is back  
Brian is back  
They say that Brian is back  
(Brian is back)  
Well I've known him for oh so long  
And they say "Brian is back"  
Well I never knew that he was gone  
Still they say "Brian is back"  
(Brian is back)  
I know he's had his ups and downs  
Well they say "Brian is back"  
But in my heart he's always been a-round

ah ah ah ah ah ah
