

# Goin' To The Beach

Beach Boys

Goin' to the beach, goin' to the beach with my baby  
Well I'll be goin' to the beach, goin' to the beach with my girl  
Well I'll be stayin' out partyin' all night long  
But I'll be up just as soon as it's gone  
'Cause I'll be goin' to the beach, goin' to the beach with my girl

Early in the mornin' I'll be heading out the door  
To where the waves are splashin' as they dance along the shore  
And after havin' caught a few lyin' on the sand  
We'll listen to the radio blast a rockin' band

You know I'm goin' to the beach, goin' to the beach with my baby  
Well I'll be goin' to the beach, goin' to the beach with my girl  
Where the sun is mellow and the waves are high  
I'll be hanging out  
It gets me high to just  
Goin' to the beach, goin' to the beach with my girl

What other place I like to go the most [?]  
I'm tellin' you you know I'm  
Goin' to the beach, goin' to the beach with my baby  
Well I'll be goin' to the beach, goin' to the beach with my girl  
We might drive along the coastline  
And walkin' on the sand  
Strollin' in the moonlight with my baby hand in hand  
Well I'll be goin' to the beach, goin' to the beach with my girl

Well I'll be goin' to the beach, goin' to the beach with my girl  
Well I'll be goin' to the beach, goin' to the beach with my girl
