

## It's Trying To Say (aka Baseball's On)

Beach Boys

Oh, I love that simple way  
People live from day to day  
There's a song inside of you  
And it gets stronger every day

And it's trying to say to you  
Everything will be alright  
That's what we're trying to say to you

Oh, the baseball season's on  
Get your season tickets now  
Oh, those athletes work so hard  
There's a pitch and the bat goes pow

And it's trying to say to you  
Everything will be alright  
That's what we're trying to say to you

Batter swings, and the ball goes sailing out in the crowd (out  
in the crowd)  
Round to third, safe at home and the fans start screaming loud:

Baseball's on  
Baseball's on  
Baseball's on  
Baseball's on  
Baseball's on  
Baseball's on

Oh, I love that simple way  
People live from day to day  
There's a song inside of you  
And it gets stronger every day

And it's trying to say to you  
Everything will be alright  
That's what we're trying to say to you
