

Just For You / Sing Out A Song

Beach Boys

(1, 2, 3, 4)

You wanna know if I'm in love with you
I'm in love with you
My love is growin' by the minute
Every hour, every day is just for you
Just for you

You say you're in love with me
You're in love with me
Your love is growin' like a flower
Every minute, every day
Well, it's just for you

Come on, come on, won't you let me love you like a lover
Come on, come on, come on, come on and let me love you like a l
over should
You know I can
I wish I could
