

What You Do To Me

Beach Boys

Baby, maybe I look like a fool
Standing before you tryin' to figure out
What you do to me

Just to see you, just to hear you speak my name
Makes me feel so weak that I can hardly stand
What you do to me

What you do to me
Is like poetry
If I only knew
What you do to me

Baby, I'm used to bein' in command
Know right where I stand
But that was long before
You got through with me

Now baby, I'm beggin'
Don't let me go down in flames
Don't be playin' games
'Cause I can't live without
What you do to me

What you do to me
Is like poetry
If I only knew
What you do to me

Oh, it's bad, what you do to me

What you do to me
Is so heavenly
Wish I could do to you
What you do to me

Ah, won't you keep on
Keep on holdin' me
Keep on kissin' me
Keep on driving me wild
Keep on touchin' me
Keep on huggin' me
Keeps on driving me up to the sky

What you do to me
Is like poetry
If I only knew
What you do to me

(What you do to me)
Oh, what you do to me
(Is so heavenly)
Is so heavenly
(Wish I could do to you)
What you do, what you do to me

(What you do to me)

Oh, what you do to me
(Is like poetry)
Is like poetry
If I only knew
What you do
Oh baby, what you do

Ohh, what you do to me
(What you do to me)
Oh, what you do to me
(Is so heavenly)
Is so heavenly
(Wish I could do to you)
What you do to me

If you knew what you do to me
(What you do to me)
Oh, what you do to me
(Is like poetry)
Is like poetry
If I only knew
What you do to me

Wish I could do to you
What you do to me
Gonna find what you do
If I only knew-ew-ew
Yeah...
