Entropy

Beach Bunny

I'll get over it if you let me breathe
From the skin 'cause my lungs tend to keep it within
And I'm indifferent if you don't care
But you do so I fear, disappear when I'm scared

And I can't release
But I can't hold in
All the smiles and grinning
Like life is just beginning

'Cause somebody's gonna figure me out
It's what I am, it's what I was, it's what I wanna become
Yeah, somebody's gonna figure us out
And I hope they do 'cause I'm falling for you

You'll get over it in a few months
See the way that I blush when our lips start to touch
And I'm emotional thinking about
Why I had any doubts from the words pouring out, yeah

I can't exhale
But I can't hide
The letters in my bedroom
The way my heart's in bloom

'Cause somebody's gonna figure me out
It's what I am, it's what I was, it's what I wanna become
Yeah, somebody's gonna figure us out
And I hope they do 'cause I'm falling for you, oh

Running away through the rain makes your socks wet
Splitting your heart and your brain makes you feel un-
Certain if thoughts were the same, even back then
I feel ashamed, feel ashamed, feel ashamed

Running away through the rain with you, darling
Makes me feel safe like you saved me from drowning
I'm not ashamed, not ashamed, not ashamed
I wanna kiss you when everyone's watching

Somebody's gonna figure me out
Somebody's gonna, somebody's gonna
Somebody's gonna figure us out
And I hope they do cause I'm falling for you
