

Kind of heading to the back of things
I don't wanna hear you talk to me
I don't wanna see your back to me
I hate ya too ah

I gotta headache cause you've fucked with me
I gotta get out cause I'll end up deep
I don't wanna hear ya lie to me
I hate ya too

I gotta get out cause I'll end up deep
It's too late I'm over everything
You just lied and lied to get with me
I hate ya too ah

Gotta headache cause you've fucked with me
Every word was just my fantasy
You never really fucking wanted me
I hate ya too WOOOP
