

I wanna tell you towards the end  
Oh how I feel now tell me is this real  
Or am I just another one you loved  
Oh baby please just tell me its ok

And I wanna tell you now  
It's ok to be afraid  
And I wanna take you back  
But I don't know what to say cause you're the one that said its  
fine

Oh baby tell me is this real  
Or am I just another one you loved  
I felt you go oh no I feel alone  
Oh baby I don't know what to do

And I wanna take you back  
But baby you're upset  
And I'll tell you it's alright  
And I wanna drink this beer until I can't feel my legs
