Girl of the Year

Beach House

You slide out on sunset
Head west on bedrest
On your own
On your own

Get dressed to undress
Depressed to impress
All night long
All night long

Turn on the TV
They all wanna see me
Come undone
Come undone

Pick all the petals
Off all the daisies
One by one

The feeling's here
The pattern caught in a falling tear
And in the waves
One goes and the other one knows
(One house) The feeling's here
(She wore) The pattern caught in a falling tear
(Too soon) And in the ways
One goes and the other one knows

Baby's gone
All night long
Baby's gone
All night long
