

# Clueless

## Beach Weather

In the dark, I can feel your electric-heart innocence  
When you're lonely and you're faded in your car  
Then you tell me everything that you are  
That you are

I could be better with keeping up the distance  
You could do better too but we're missing out  
Now I can't slow down

Baby, we can be so clueless  
On and on and on and on  
Running through the dark like I want this  
On and on again  
You don't really care that we're heartless  
On and on and on and on  
I'm nothing without you  
Burning circles in my room  
Don't you know that we're clueless?

Don't you know that we're clueless?

In a daze, I think we're living through our  
Glory days  
And I feel that I can only get this kind of way  
If I'm drowning out the sounds in blissful ways  
In a blissful haze

You could be better  
And I can be relentless  
But who am I to say when we never stop fucking around?  
Now we can't slow down

Baby, we can be so clueless  
On and on and on and on  
Running through the dark like I want this  
On and on again  
You don't really care that we're heartless  
On and on and on and on  
I'm nothing without you  
Burning circles in my room  
Don't you know that we're clueless?

Don't you know that we're clueless?

When you get your arms around me  
I can feel it leave my body  
Pushing me away but we both stay  
Anyway  
I don't wanna live forever  
I just wanna be together  
Always  
Always

Baby, we can be so clueless  
On and on and on and on  
Running through the dark like I want this  
On and on again

You don't really care that we're heartless  
On and on and on and on  
I'm nothing without you  
Burning circles in my room  
Don't you know that we're clueless?

Don't you know that we're clueless?

You could be better  
And I can be relentless  
Who am I to say when we never stop fucking around?  
Now we can't slow down

Baby, we can be so
