

High & Driving

Beach Weather

Clouds in my mind got me feelin' like I might've been hypnotized
Rollin' in the back while I feed the black eye
Feel like I'm comin' alive

I don't know when it all started
Takin' control of my body
Feelin' like I just found God and the Heaven that I never wanted

Honestly, I'd rather be here
'Cause you make me feel like I'm high and drivin'
Your alchemy, your power is real
You make me feel like I'm high and drivin'
High and drivin'
High and drivin'
High and drivin'

When I breathe you in, all my suffering fades away
I feel it in every way
My chameleon, shed your summer skin
Crawl to me, I need you right next to me

I don't know when it all started
Takin' control of my body
Feelin' like I just found God and the Heaven that I never wanted

Honestly, I'd rather be here
'Cause you make me feel like I'm high and drivin'
Your alchemy, your power is real
You make me feel like I'm high and drivin'
High and drivin'
High and drivin'
High and drivin'
High and drivin'
High and drivin'
High and drivin'
High and drivin'

Honestly, I'd rather be here
'Cause you make me feel like I'm high and drivin'
Your alchemy, your power is real
You make me feel like I'm high and drivin'
High and drivin'
High and drivin'
High and drivin'
High and drivin'
High and drivin'
High and drivin'
High and drivin'
