

## Silent Type

## Beach Weather

It's not like I'm not ready to go  
Just don't want to go back home  
2009 felt like a kiss in the dark  
With closed eyes to keep from falling apart

I wish I could just disappear  
It feels like burning in the atmosphere  
I went to the moon and I fell back here  
Just killin' time

Yeah, I'mma keep it to myself  
Maybe I was somewhere else  
Fading in the summer sky  
I wish I could disappear  
'Cause I been talkin' to myself  
Maybe I'm the silent type  
Maybe I'm the silent type  
I wish I could disappear now

Too young, feelings out of control, yeah  
We're fucked up, do you think we're alone?  
I could stay alive on cotton candy skies  
I'm too high  
Got La La La on my mind

I wish I could just disappear  
It feels like burning in the atmosphere  
I went to the moon and I fell back here  
Just killin' time

Yeah, I'mma keep it to myself  
Maybe I was somewhere else  
Fading in the summer sky  
I wish I could disappear  
'Cause I been talkin' to myself  
Maybe I'm the silent type  
Maybe I'm the silent type  
I wish I could disappear now  
Disappear now  
Disappear now

Remember  
I want to  
Remember  
I want to

'Cause I wish I could just disappear  
Feels like burning in the atmosphere  
I went to the moon and I fell back here  
Just killin' time

Yeah, I'mma keep it to myself  
Maybe I was somewhere else  
Fading in the summer sky  
I wish I could disappear  
'Cause I been talkin' to myself  
Maybe I'm the silent type

Maybe I'm the silent type  
I wish I could disappear now  
Disappear now  
Disappear now  
Disappear, disappear now
