

Unlovable

Beach Weather

Hello
Is there an echo in my mind
Or am I too slow?
Cause the demons in my head
Come and go
Never better
All the drugs
Couldn't ever
Make me love like I want to
I can hear it in my head like

Oh no, oh my god
How'd I get so damn unlovable
Yeah, it's all my fault
Can't believe it's so unnatural
The way you tell me so
Like, ooh...
Oh no, oh my god
How'd I get so damn unlovable
So damn unlovable

Wake up
Heavy head
Wonder why I'm feeling
So stuck
All these insecurities
I can't get enough
Low and high
Me and my mind
Couldn't ever make me
Love like I want to
And I can hear it in my head like

Oh no, oh my god
How'd I get so damn unlovable
Yeah, it's all my fault
Can't believe it's so unnatural
The way you tell me so
Like, ooh...
Oh no, oh my god
How'd I get so damn unlovable
How'd I get so damn unlovable
How'd I get so damn unlovable

I don't care what you said
All the things in my head
Telling me I'm fine
I could be better off
Used to be good enough
Tell me I'm alright

I don't care what you said
All the things in my head
Telling me I'm fine
I could be better off
Used to be good enough
Tell me I'm alright

Oh no, oh my god
How'd I get so damn unlovable
Yeah, it's all my fault
Can't believe it's so unnatural
The way you tell me so
Like, ooh...
Oh no, oh my god
How'd I get so damn unlovable...
