Waking up in dreamland Rolling out the bed Can't take anymore, If I had any left

Mindless conversation,
There's nothing just quite like
First thing in the morning,
'Bout what we did last night

Well we was looking for trouble, In our bubble, me and you!! Burning up on re-entry, Where you send me I'm bulletproof Do what we wanna do

You make a contribution,
To where your supposed to be
If its not you,
Then its not me

We was looking for trouble,
In our bubble, me and you!!
Burning up on re-entry,
Where you send me
I'm bulletproof
I'm bulletproof
Do what we wanna do

We do what we want Oh yeah
